2.0 PART TWO – ORGANISATION AND RESPONSIBILITIES

2.1 The responsibilities of the Council and Education Service are set out in both the Council Health and Safety Policy and the Education Service Health and Safety Policy. Specific health and safety responsibilities of School Governors and Head teachers are referenced in 2.11 of the Council Policy and 4.3b and 4.3c respectively of the Education Service Policy.

The Health and Safety at Work etc. Act 1974 places overall responsibility for health and safety with the employer. The legal status of ‘employer’ varies with the type of school.

³⁵₁₇ For community schools, community special schools, voluntary controlled schools, maintained nursery schools and pupil referral units, the employer is the Local Authority (LA).

³⁵₁₇ For foundation schools, foundation special schools and voluntary aided schools, the employer is usually the governing body.

³⁵₁₇ For independent schools, the employer is usually the Governing Body or proprietor.

³⁵₁₇ In Voluntary Aided Schools, Governing bodies are the employer and consequently have a legal obligation to produce their own Health and Safety Policy and comply with all relevant health and safety legislation.

An organisation chart for the School and the health and safety responsibilities of School staff and the Governing Body is detailed below. For specific health and safety responsibilities of identified staff please refer to Part Three - Arrangements and Procedures.

2.2 Education Service Responsibilities

2.2.1 Section 197 of the Education Act 2002 (Wales) enables the LA to form an agreement providing a formal legal basis that makes clear how the authority

and the governing body of a school will discharge their respective statutory functions on specific matters, including health and safety. To ensure schools, regardless of their type, have a consistent and appropriate understanding of their health and safety responsibilities, each school is required by the LA to adopt the Education Maintained Schools Partnership Agreement. In signing the Agreement, the governing body acknowledges the school's legal responsibility and a defined number of actions to ensure legal compliance.

2.2.2 Each school is expected to produce and review a local Health and Safety Policy that is consistent with the Policy of the Education Service.

2.2.3 The LA must provide health and safety guidance to those schools and services where it is the employer. It must ensure that staff are trained in their health and safety responsibilities as employees and that those who are delegated health and safety tasks (such as risk assessment) are competent to carry them out. If a LA risk assessment shows that training is needed, the LA must make sure that this takes place.

2.2.4 Education employers have duties to ensure, so far as is reasonably practicable:

- ³⁵₁₇ The health, safety and welfare of teachers and other education staff;

- ³⁵₁₇ Ensure that appropriate action is taken to address any shortcomings in any aspect concerning health and safety;
- ³⁵₁₇ Work with recognised trade unions to secure the health and safety of staff; and
- ³⁵₁₇ Contribute as appropriate to consultation on health and safety issues.

2.3.2 In schools with delegated budgets, if the Governing Body fails to carry out essential work for which it is responsible to ensure the Health and Safety of its staff, pupils and other people using the site, the Education Service, after consultation with the Headteacher, can carry out essential work and charge it to the school's budget.

2.3.3 To support the Governing Body with its health and safety functions, a training programme for Health and Safety Governors has been established.

The Governor who has been nominated to act as Health and Safety Governor in Pentyrch Primary School is Jacki Hendry. This Governor will not be any more responsible for health and safety within the school than any other Governor. He/She will have no personal decision-making powers in relation to health and safety. (*NB This will need to be carried out in term time and in school holidays*)

Cardiff Council's Health and Safety Policy on the Management of Contractors applies to all contracts let by the Council and LEA maintained schools and is recommended to non LEA maintained schools.

The Maintained Schools Partnership Agreement states that Governing Bodies will "work within Cardiff Council's or, where appropriate, the Welsh Government's approved Contractors Policy and ensure that contractors have been assessed in accordance with the authority's or, where relevant, the Welsh Government's, procedures."

A **contractor** means any contractor, supplier or provider with whom the Council enters into a contract for the carrying out of Works, provision of Services or the supply of Goods. The Health and Safety Executive defines a **contractor** as "anyone you get in to work for you who is not an employee."

Work activities carried out by contractors for Cardiff Council include, but are not limited to construction work, grounds maintenance, maintenance and servicing of buildings and equipment (e.g. lifts, boilers, electrical equipment, photocopiers, etc.), cleaners, caterers, training providers, locksmiths, skip hire, taxi services, furniture removal and storage and any external consultancy services.

A **'contract'** means any form of agreement (including, without limitation, official purchase orders) for the supply of Goods, (where this Policy applies), provision of Services or carrying out of Works.

The **'client'** is the officer or Directorate / Service Area or individual school who authorises the carrying out of work, provision of services or supply of goods by a contractor.

The **'competent officer'** is the person designated by the Directorate / Service Area or individual school to ensure compliance with health and safety duties and implementation of this Policy. The person must, in respect of the contract concerned, have appropriate knowledge, experience, skills and relevant training, and awareness of their own health and safety technical limitations.

The **'contract manager'** is the person managing the contract. It may or may not be the **'competent officer'**.

Pentyrch Primary School uses Facilities Management (FM) Building Services and/or Education Service Schools Organisation Planning (SOP), or Projects, Design and Development (PDD) when building work is undertaken at the school.

For work organised by FM, SOP Officers or PDD, the management of the contractors is managed by FM, SOP or PDD. They will liaise with the school and will ensure liaison between contractors on site.

When the school engages contractors directly, (i.e. acts as a client), the school is responsible for the management of the contractors. This includes selection of contractor, assessment of competency, meetings with the contractor, exchange of information, vetting of contractor information, management of the contractors on site, compliance with the Construction (Design and Management) Regulations 2007 (as appropriate) and post contract review.

In Pentyrch Primary School the 'competent officer' for managing contractors employed directly by the school, is Mr K Kefer. He has received appropriate training, and refresher training, for example, the Construction Industry Training Board 'Site Managers Safety Training Scheme' (SMSTS) 5 day course in (*insert date*).
